

# Leader In Packaging SINCE 1997

## COMPANY PROFILE

### INTRODUCTION

Perfect Packers is a highly reputable manufacturer that offers an extensive range of packaging solutions to various industries. Our diverse product lineup includes packing boxes, cartons, tissue paper, hand tags, paper bags, stickers, barcode labels, woven labels, and wrapping papers, among others. With a commitment to delivering superior packaging solutions, we cater to the diverse needs of our valued clients.

With our headquarters based in Agra, Uttar Pradesh, Perfect Packers has established itself as a prominent player in the packaging industry over the course of 22 years. Our long-standing presence in the market reflects our expertise, reliability, and dedication to excellence.

Perfect Packers has undergone significant modernization to ensure that our factory is equipped with state-of-the-art technology and machinery. This modernization drive has enabled us to achieve consistently high-quality products, meeting and exceeding industry standards. Over the years, our commitment to excellence has earned us multinational clientele, starting from local businesses that have grown to trust our capabilities. Our focus on building a highly efficient and motivated team has been instrumental in consistently delivering top-notch products and services to our valued customers.

# OUR LEADERSHIP

## Perfect Packers Is Led By A Dynamic Duo of Directors.

At Perfect Packers, we believe in a quality-centric approach to all our processes and procedures. Our team works diligently to ensure that every step in our production and service delivery is designed to enhance customer experience. We implement robust quality management systems that adhere to industry standards, enabling us to consistently meet the demands and expectations of our clients.

We value our workforce and prioritize their well-being and safety. Our commitment to worker motivation and protection ensures a positive and productive work environment for all employees. We adhere to strict safety protocols to minimize workplace hazards and create a secure working environment. Additionally, we are deeply committed to protecting the environment through sustainable practices and eco-friendly packaging solutions.

As a company, we embrace a culture of continuous learning and innovation. Our ability to quickly adapt and take decisive actions enables us to stay ahead in the competitive market. We value our clients' peace of mind and work diligently to ensure that our products and services consistently meet the highest quality standards. Our commitment to discipline and excellence drives us to maintain the highest level of professionalism in all aspects of our operations.

To achieve optimal productivity and maintain stringent quality standards, we have comprehensive productivity and quality plans in place. These plans are carefully designed to streamline processes, reduce waste, and optimize efficiency. At Perfect Packers, we deeply understand the importance of product quality and the direct impact it has on our clients' businesses. Our dedicated team collaborates seamlessly, fostering a culture of teamwork and continuous improvement.

**Vikas Mahajan**, the Customer Relations and Sales Director at Perfect Packers, boasts an impressive track record in building and nurturing strong customer relationships. With strategic insights, he has led the company to remarkable growth, attracting both multinational and local businesses. Vikas prioritizes exceptional customer service, providing personalized attention to clients, and fosters a supportive work culture to empower the team.

**Ankur Mahajan**, as the Production Director, plays a vital role in driving excellence in manufacturing operations at Perfect Packers. Under his adept leadership, the company has achieved significant milestones in efficiency, productivity, and product quality. Ankur's unwavering focus on innovation and precision ensures the consistent delivery of top-notch packaging solutions. Additionally, he places a strong emphasis on the well-being and safety of the production team, creating a secure and conducive working environment.

## OUR TEAM

At Perfect Packers, our team embodies the essence of excellence, united by enthusiasm, energy, creativity, and punctuality. Comprising a diverse range of talent, our workforce includes dedicated machine operators, visionary designers, skilled technicians, customer-oriented account managers, and proficient workers. Together, they form a cohesive unit, collaborating seamlessly to consistently deliver unparalleled results.

Our machine operators are the backbone of our production process, leveraging their expertise to ensure the seamless functioning of our state-of-the-art machinery. Their proficiency and attention to detail guarantee the flawless execution of our clients' packaging solutions.

**Last but not least**, The expertise of our skilled technicians & workers ensures the optimal performance and maintenance of our advanced equipment, further enhancing our production efficiency and quality.

Our skilled workers form the backbone of our manufacturing process, bringing dedication and precision to every task they undertake. Their meticulous craftsmanship ensures that our packaging solutions meet the highest standards of quality.

Collectively, our team's passion for perfection drives us to continuously improve and innovate, ensuring that we consistently exceed our clients' expectations.

# OUR INFRASTRUCTURE

*Our state-of-the-art facility spans across 20,000 square feet of carpet area, creating a green and conducive working environment for our skilled team members.*

# PLANT & MACHINERY

1

## CMYK Machine (Konica Minolta)

*A Box Label & Tag Printing: The CMYK Machine from Konica Minolta empowers us with in-house proofing capabilities, allowing us to visualize and fine-tune designs before production. Its high-speed printing capabilities ensure quick turnaround times while maintaining exceptional color accuracy and sharpness for vivid and eye-catching labels and tags. The integration of this machine streamlines our production process, saving valuable time and optimizing workflow.*

2

## 5 Colour Printing (Automatic)

*Our 5 Colour Printing machine, equipped with Automatic Color Printing Control (CPC), guarantees top-notch quality output with precise color registration. This high-resolution, automatic printer facilitates rapid printing with up to five colors, ideal for complex artwork and multicolored designs. By minimizing potential errors, the CPC technology ensures consistent and flawless prints, adding a touch of sophistication to our packaging solutions.*

3

## Flexo Printing Machine

*Our Flexo Printing Machine is a reel-to-reel high-quality printing marvel, allowing for continuous production of large volumes. Its versatility enables us to print on various materials, including flexible packaging and corrugated materials, with consistently high-quality results. By cutting down on production time and offering cost-effective solutions, this machine excels in providing packaging solutions with superior print clarity.*

4

## Automatic Paper Cutting Machine

*The Automatic Paper Cutting Machine is a precision-driven marvel, enabling efficient and accurate cutting of various paper materials. Its automated system ensures uniformity in size and shape, minimizing material waste and maintaining product integrity. By improving the efficiency of the cutting process, this machine saves time and adds value to our overall production process.*

5

## Dai Cutting Machine

*With the capacity to cut 60000 boxes per day, our Dai Cutting Machine significantly boosts our productivity and caters to high-demand orders. Its consistent and precise cutting capabilities deliver uniform box dimensions, ensuring the final product's quality. This machine's efficiency in cutting time allows us to meet tight deadlines and efficiently fulfill large-scale production requirements.*

## 6 Aquas Varnish Machine Matt & Gloss Coater

The Aquas Varnish Machine with Matt & Gloss Coater is a versatile tool that adds premium finishing touches to our products. It efficiently applies matte and gloss coatings, enhancing the appearance and protection of the final product. This machine's ability to offer customization options allows us to cater to specific client preferences and product requirements, resulting in highly appealing packaging

## 7 Lamination Machine

Our automatic Lamination Machine is a key asset in our production process, seamlessly adding shine and matt finishes to our products. This process enhances the overall appearance and durability of our packaging solutions. The lamination process not only provides a professional touch but also increases the shelf life and resilience of the final product, meeting the high-quality standards our clients expect.

## 8 Corrugation Machine

Our Corrugation Machine utilizes cutting-edge oil heating technology, delivering rapid and efficient corrugation. It produces stiff, hard, and fine-quality fluting, resulting in sturdy and reliable packaging materials. The super-speed performance of this machine contributes to increased productivity and reduced production time, enabling us to meet demanding production schedules.

## 9 Shrink Machine

Our Shrink Machine offers a reliable wrap packing solution that ensures products reach their destination intact and undamaged during transportation. By securing and protecting items effectively, it prevents damage during transit, minimizing the risk of returns and customer dissatisfaction. This machine plays a crucial role in safeguarding the quality and condition of our products during the logistics process

## 10 Rigid Box Machine

Our Rigid Box Machine is a high-capacity marvel, capable of producing premium rigid boxes with precision and efficiency. It boasts cutting-edge technology that ensures uniformity and consistency in box dimensions, offering a perfect fit for various products. The machine's automated processes streamline production, allowing us to fulfill large orders with quick turnaround times, while maintaining the highest quality standards that elevate our packaging solutions to a league of their own.

## 11 U.V Coating Machine

With our U.V Coating Machine, we take packaging aesthetics to the next level. This state-of-the-art equipment applies a glossy U.V coating to surfaces, providing a striking finish that not only enhances visual appeal but also adds an extra layer of protection to our clients' products. The machine's fast-drying capabilities optimize production speed, ensuring our packaging solutions reach our customers promptly while maintaining their pristine appearance.

## 12 Graining Machine

Our Graining Machine adds a touch of elegance and sophistication to packaging designs. This specialized equipment creates textured patterns on materials, lending a luxurious feel to the packaging solutions we offer. The versatility of our Graining Machine allows us to achieve various grain styles, providing clients with tailored packaging that perfectly complements their brand identity and premium product offerings.

## 13 Foil Printing Machine

Our Foil Printing Machine is the epitome of precision and craftsmanship, delivering exquisite foil accents to elevate packaging to the level of artistry. With meticulous attention to detail, this machine applies foil embellishments with utmost accuracy, creating a captivating visual impact on the packaging design. Whether it's metallic accents or holographic foils, our Foil Printing Machine allows us to showcase our clients' brands in a way that captures attention and leaves a lasting

## 14 100% Power Backup

With a 100% power backup system in place, we prioritize uninterrupted production even during power outages or fluctuations. This backup power source guarantees continuous workflow, eliminating downtime and enabling us to meet deadlines and maintain customer satisfaction. It ensures that our commitment to timely deliveries and efficient operations remains unwavering.

## PRODUCTION CAPACITY

Our state-of-the-art facility, coupled with a skilled workforce, allows us to deliver top-notch packaging solutions with unparalleled precision and promptness, empowering our clients' businesses to thrive in the competitive market.

| PRODUUCT RANGE     | QUALITY                                     | CAPACITY               |
|--------------------|---|------------------------|
| Printed Labels     | Taffeta / Satin / Cotton / Polyester        | 3 to 5 Lakh Pcs/Day    |
| Hangtags           | Swing Ticket / Barcode Tickets              | 3 to 5 Lakh Pcs/Day    |
| Tag Seals/Lock     | Plastic                                     | 3 to 5 Lakh Pcs/Day    |
| Tapes              | Gross Grain, Twill, Satin, Plyester, Cotton | 5000 Thousand Pcs/Day  |
| Barcode & Stickers | Paper / PVC                                 | 5 Lakh Pcs/Day         |
| Boxes              | Paper / Card board                          | 1 Lac Pcs/Day          |
